SERVICES

01

PLANING AND PROJECT DESIGN

Our expert project team works hand-in-hand with customers to find the best lighting solution. By designing projects in accordance with the relevant application rules and standards, we reach optimum solutions in lighting design.

02

INSTALLATION - ASSEMBLY

Our experienced field team can provide safe and trustworthy installation support for luminaire assembly, assembly ontrivance and portal access. In addition, regardless of the type of facade or roof, we develop solutions and carry them into effect.

03

SUPPORT

Şah, devreye alma süreci boyunca her adımda destek sağlar.

OUR PROJECTS

Kenya Dandora Stadium

Nairobi - Kenya

The stadium was manufactured in our Ankara factory and installed by our team in Kenya. In accordance with the FIFA Criteria, 6 tribunes were manufactured from a steel construction of 3000 people in total with 500 audience capacity each. A VIP section and announcer-camera infrastructure suitable for live broadcast have been established in the stadium. Referee and player rooms, a sports hall and 15 stores were built under the stands. 30 meter projector poles and on top of that 200W Gewiss brand rotational projector was used for field lighting.

Kenya Dandora Stadium

3600 m2 Fabrika

Ankara - Turkey

Our factory project of 3600m² foot in Ankara, Turkey, where we work on a turnkey basis.
